Confronting American Fascism is a fifteen-year chronicle of lost opportunities amidst the plethora of crisis situations that neoliberalism thrives on; in probing what was missed and when and why, the reader can perceive an explanation for our present predicament, when a genuine democratic socialist was maneuvered out of a nomination that was rightfully his and a neoliberal avatar suffered a predictable catastrophic defeat at the hands of an authoritarian populist shading over into fascism. In this book there are many glimpses of how we moved from a fascism that was seeking constitutional cover in the Bush years to one that no longer requires such plausibility. This book charts the decline of our democracy, moment to moment during these historic last fifteen years, as the pace of change accelerated to the disadvantage of everyone but the elite, and many people who used to have a tentative hold on opportunity found themselves left out-all this amidst escalation of rhetorical obeisance to the cultural dignity of marginalized others. Extreme inequality is new for us, and this book seeks to explain the stages in its creation, ending in a radical cynicism that leaves little room for democratic optimism. The underlying tendency ought to be toward an anarchic/Marxist form of highly diffused liberalism, because scarcity should already be a thing of the past, but the abstraction that is capital today is making this natural movement forward impossible. This book suggests that there has been a continuous economic crisis for the last fifteen years, going along with the continuous political crisis. The acute form of the crisis in 2007-2011 was not resolved in any helpful way; instead, the norms that had created this overt rupture were further...
