Greenwillow, 2015. Paper back. Book Condition: New. 312pp. On the day Liz Emerson tries to die, they had reviewed Newton's Laws of Motion in physics class. Then, after school, she put them into practice by running her Mercedes off the road. Why? Why did Liz Emerson decide that the world would be better off without her? Why did she give up? Vividly told by an unexpected narrator, this heartbreaking and nonlinear novel pieces together the short and devastating life of Meridian High's most popular junior girl. How do we impact one another? How do our actions reverberate? What does it mean to love someone? To be a friend? To be a daughter? Or a mother? Is life truly more than cause and effect? Amy Zhang's haunting and universal story will appeal to fans of Lauren Oliver, Gayle Forman, and Jay Asher.
