Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.I created this coloring book and many others to test customers creativity level and their limits. The first few books features popular musicians, pop stars, hip-hop, rock, and rb artist of modern day and early musical atmospheres. By Scanning the QR code on each page via smart phone. A playlist created on youtube will pop up allowing you to listen to that Artist top songs through your smart phone while you color. Advanced Coloring Books tests our creative level and focus level of what we think can and can not be achieved. If you consider yourself great with your right hand try coloring the book with your left hand, and vice versa. This develops the brains neural structure and modifies brain power increasing neural activity and growth. Creating more focus allows use to sharpen our mind in all areas. Even people who don t consider them selves artists, this helps relax the brain and body naturally achieving a meditative state, while developing cells never used or used rarely. Adding music to the mix helps stimulate and maintain this meditative state by creating a zen like atmosphere. As we know, our brain is divided into two halves, the Left and Right hemisphere. The right brain looks at the visual references as a whole, whether it s a landscape, object, or a piece of artwork, then focuses its way into noticing finer details. It also deals with art awareness, creativity, imagination, intuition, insight, holistic thought, and music awareness. The right brain works in the three-dimensions and controls left-hand functions. The down side to the Right Brain is that it tends to be disorganized, lack in time management and can t prioritize. The...
