*Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

It was also distinctly seen by two of the members of my family who were present. I have seen a slate-pencil influenced to write legibly by an invisible agency. I have witnessed tables and chairs moved and levitated without contact, and I have held a conversation with an invisible intelligence, through raps on a table in my own house, when no one was present in the flesh except myself. I may further state that the hands of two of my children were influenced to write distinctly before they knew their alphabet; and three of the members of my family have written in languages and on subjects with which they were totally unacquainted.
