Condition: New. Publisher/Verlag: Random House US | The Hidden Force That Creates the World's Greatest Teams | The global sports editor of The Wall Street Journal identifies the highest-performing sports teams in history and determines what they share in common: specific leadership qualities of the unconventional men and women who led them. | From the founding editor of The Wall Street Journal's sports section comes a bold new theory of leadership drawn from the elite captains who inspired their teams to achieve extraordinary success. Fueled by a lifetime of sports spectating, twenty years of reporting, and a decade of painstaking research, *The Captain Class* tells the surprising story of what makes teams exceptional. Drawing on original interviews with athletes from two dozen countries, as well as general managers, coaches, executives, and others skilled at building teams, Walker identifies the seven...
