This book is a multidisciplinary topic that provides evidence on heavy politics and hidden agenda behind the high failure rates 90 -5 of cancer research and therapy. This report assesses the multi-factorial criminal motives that a highly sophisticated medical hierarchy cancer establishment designed for creation and control of a sick society that is drug-dependent. The power of establishment grew since 1955 when public was inoculated with million doses of virus-contaminated polio vaccines that sharply increased the deadly cancer incidence and mortality and many chronic diseases. This book is timely as additional funding VP Biden Moonshot Initiative is provided to support the same establishment that created the cancer tragedy for huge corporate profits. The author is concerned about new business adventure to vaccinate young generation with HPV vaccines. Scientific evidence is provided that HPV vaccination could create another wave of diseases including site-specific cancers for the next baby boomer generation to be a drug-dependent society. The projects on identification of somatic mutations in cancer molecular tsunami and bases for claimed targeted therapy, precision or personalized medicine are out-of-focus and molecular false flags based on false foundations. The policy makers have no clue how to assess the millionsbillions of dollars that are wasted on too many worthless projects that are scientificmedical ponzi schemes or bridges to nowhere. No independent challenge or oversight by competent professionals is permitted or tolerated by establishment. It is demonstrated that except for the accidental discoveries that Khatamis research team at University of Pennsylvania established in 1980s on experimental models of acute and chronic inflammation, there is no other evidence on early stages of immune dysfunction that would lead to multistep tumorigenesis and angiogenesis. The results are the...
